EDUCATION

Pranveer Singh Institute of Technology

Bachelor of Technology - Artificial intelligence; **CGPA:8.5**

2022 – 2026

Kanpur, India

WORK EXPERIENCE

Certificate [↗](#)

Feb 2024 - March 2024

Backend Intern

Remote

- Leveraged **Express and Node.js** to seamlessly integrate **new modules and REST APIs**, optimizing website performance while utilizing MongoDB for efficient data management.
- Implemented **CRUD** operations using **Express, Node.js, and MongoDB**, ensuring robust data manipulation and orchestrated troubleshooting for uninterrupted backend functionality.

Certificate [↗](#)

Feb 2024 - March 2024

Java Developer

Onsite

- Developed operational Java classes employing **core java**.
- Created classes for ATM Interface, a game, and a Grade calculator

PROJECTS

T-Com [↗](#) | Django, JavaScript, Python, Git, CSS, HTML

[Github](#) [↗](#)

- Engineered a full-stack concept for a teenager's E-commerce platform utilizing **Django, JavaScript, Python, CSS, and HTML**, while ensuring version control through **Git** and hosting on **PythonAnywhere**.
- Seamlessly integrated a functional **Search button** and **Trending tab** capabilities, enabling **automated emails** for users, facilitating smooth communication with the sellers.
- Created, maintained, and tested the **backend** with Django, ensuring smooth client-server communication and facilitating the selling of new products.

ToDo List [↗](#) | React.js, CSS, JavaScript, Tailwind CSS

[Github](#) [↗](#)

- Created a ToDo List using **React.js** and designed the interface with **Tailwind CSS**.
- Implemented functionalities to add or remove data.

Password Generator [↗](#) | React.js, CSS, Tailwind CSS, Javascript

[Github](#) [↗](#)

- Crafted a feature-rich Strong Password Generator using **JavaScript, React.js, and Tailwind CSS**, featuring self-customization.
- Includes options to include or exclude special characters, numbers, and set desired password length

SKILLS SUMMARY

Languages: Java, C++, HTML, CSS, JavaScript, Python

Frameworks: ReactJs, Django, Express Js, Bootstrap, TailwindCss

Tools: Visual Studio Code, Git and Github, MongoDB

Soft Skills: Leadership, Time Management, Public Speaking, Event Management

COURSEWORK

- | | | | |
|--------------------------------|------------------------|-----------------------|---------------|
| • Data Structures & Algorithms | • Algorithmic Thinking | • System Design | System (DBMS) |
| | • OOPS Concept | • Database Management | |

ACHIEVEMENTS

- Solved **800+** questions on **LeetCode**. [↗](#)
- Member of the **Algo and Google Developer Club** at PSIT Kanpur.
- Achieved 1st rank in a Hackathon held among **800+** students.
